

2026 INFORMATION PACK

HELLO & WELCOME!

At Just Acrobatics, we exist to empower and inspire children and young people through the joy of acrobatics and aerial arts. We are dedicated to building strong, confident and creative individuals in a fun and safe environment where movement and personal growth are celebrated. With our purpose-built facility in Warana and our satellite location in Mudjimba, we provide a professional yet welcoming space where every student feels supported to thrive.

Our programs are thoughtfully structured to support both recreational enjoyment and professional ambition. We offer classes for all ages and abilities, from Tiny Tumblers for our youngest students through to recreational and advanced acrobatics and performance team pathways.

Our aerial offerings include silks and lyra, as well as our popular Aerial Variety program, allowing students to explore multiple apparatus while developing strength, flexibility, discipline and confidence through clear progression pathways.

This Welcome Pack has been designed to give you all the information you need to begin your journey with Just Acrobatics.

Inside, you'll find details on our class offerings, timetables, pricing, enrolment processes and frequently asked questions. Our professional approach — including structured programs and experienced coaches — ensures every student receives a high-quality experience.

We look forward to welcoming you and supporting your child as they grow both on and off the mat.

CLASS DESCRIPTIONS

TINY TUMBLERS

Tiny Tumblers is a fun and nurturing introduction to movement designed for 2 - 4 year olds to help young children develop coordination, balance, confidence and fundamental motor skills in a safe environment. Classes range from parent-assisted Level 1 to independent Level 2, allowing children to build confidence at their own pace.

ACROBATICS SKILLS

Our Acrobatic Skills program is the entry point for new students to Just Acrobatics, focusing on building strong foundations in a fun and supportive environment. Students develop strength, flexibility and balance while progressing their skills through age-based levels: Blue (4.5–6 years), Silver (7–10 years) and Gold (11 years +).

ACROBATICS LEVELS

Our Acrobatic Levels program is a structured pathway for students eager to progress their skills, with clear goals for each level and skill testing completed each term. Entry is by assessment, and new students with prior acrobatics experience are welcome to book an assessment to join this exciting progression-based program.

TUMBLING

Tumbling can be taken as an additional class with our Acro Levels program, focusing on drills and progressions for powerful floor skills like aerial cartwheels and back handsprings. The Fundamentals class builds strong technique, while Tumbling is for students with a round-off back handspring ready to progress further.

PERFORMANCE TEAMS

Designed for committed students who love to perform, these teams train together to develop polished routines. Students perform at competitions, shows and events while building teamwork, discipline and stage confidence. Performance Teams are available for both our acrobatics and aerial disciplines - entry is by invitation.

CLASS DESCRIPTIONS

CIRCUS KIDS

New for 2026, Circus Kids is a high-energy, super fun introduction to the world of circus and aerials, designed especially for 5–6 year olds. Students will swing, spin and play as they explore aerial apparatus like hoop and hammock, along with exciting circus skills including juggling, balance and hula hooping – building confidence, coordination and creativity.

AERIAL VARIETY

If your student is new to aerial arts, our Aerial Variety classes are the perfect place for them to start. They will be taught the fundamentals of working with an aerial apparatus, including safety, and build confidence in the air. Students will get the opportunity to try a number of different aerial apparatuses including silks, lyra (aerial hoop).

SILKS

Learn how to climb, swing, wrap and drop as you explore the excitement of aerial silks. Classes focus on one apparatus, allowing students to build strong technique, develop skills and create flowing sequences in the air. Students progress through Levels 1–8 and Elite, with beginners welcome to start in Level 1 and specialise in silks from day one.

LYRA (AERIAL HOOP)

Aerial Hoop focuses on strength, control and expressive movement on a circular apparatus. Students learn poses, transitions and dynamic skills while building the strength and stamina to link skills with confidence. The program progresses through five levels, with Aerial Variety a great starting point before specialising.

HOME SCHOOL CLASSES

Our Home School classes offer a fun and engaging mix of acrobatics, aerials, circus skills, games and obstacle courses, keeping students active and motivated. Designed to develop balance, coordination, flexibility and strength, these sessions are available on a casual basis and are perfect for families seeking flexible, movement-focused learning.

1:1 Private Lesson	45 minutes	\$85
1:1 Private Lesson	1 hour	\$110

FREQUENTLY ASKED QUESTIONS

1: WHICH CLASS IS BEST FOR MY CHILD?

Start by choosing between Acrobatics (floor-based skills) or Aerial classes, then select the option that matches your child's age. Acrobatics classes are grouped as Blue (4.5–6 years), Silver (7–11 years) and Gold (11+ years), while Aerial options include Circus Kids (5–6 years) and Aerial Variety or Silks Level 1 (7+ years). If your child has prior experience, please get in touch with our team to book an assessment so we can recommend the most suitable class.

2: DO YOU OFFER A TRIAL CLASS?

Yes, all first lessons are offered as a no-obligation trial class. Credit card details are required to complete online registration, but nothing is charged unless you choose to confirm your enrolment after the trial. This allows your child to experience the class before committing.

3: HOW DOES THE FEE PAYMENT WORK?

All classes (excluding the Home School program) are paid per term, with invoices issued at the start of term and fees due by the second Tuesday. A once-per-year enrolment fee applies to all new students. If you join part way through a term, fees are adjusted from your start date.

4: CAN I WATCH MY CHILD IN CLASS?

We operate a drop-and-go system, as there are no viewing areas inside the studio spaces, and our foyer spaces are for students waiting for class. For your child's first class, you're welcome to come into the foyer with them and you'll be invited back for the final 10 minutes to see how they're settling in. We also love sharing students' progress with families through end-of-term parent viewing sessions, as well as our annual Aerial Show and Acrobatics Expo.

5: WHAT SHOULD MY CHILD WEAR?

The Just Acrobatics uniform is compulsory for all classes except Tiny Tumblers and Home School programs. This includes a branded top and shorts or tights, with boys wearing a Just Acrobatics t-shirt. For the first class, students may wear comfortable activewear until uniforms are purchased upon enrolment. Shoes are not required for any classes. Students should bring along a water bottle. Below is our uniform pricing for 2026.

UNIFORMS

Leotard	\$59.95
Singlet	\$59.95
T-Shirt	\$34.95
Shorts	\$29.95
Leggings	\$49.95

6: WHAT HAPPENS IF WE MISS A CLASS?

Students are eligible for one make-up class per term, per enrolled class. Just Acrobatics is closed on public holidays (excluding local show holidays), and families will not be charged when classes fall on these dates.

WHAT'S NEXT?

READY TO JOIN JUST AEROBATICS?!

Getting started at Just Aerobatics is easy! Choose a suitable class from the timetable, then head to our website to complete the online registration form and book a trial class.

Once registered, you'll receive a welcome email confirming your trial class details, including the date, time and location. If you're unsure which class is best for your child or would like some guidance, our team is always happy to help.
